

Karen Gill is an appointed representative for Rio Tinto Alcan.

My name is Karen Gill and I am a Rio Tinto Alcan representative on the Weipa Town Authority. I have recently joined Rio Tinto Alcan as the Business Services Manager and am very happy to be in Weipa and to be part of the Weipa Town Authority.

I have spent the last eleven years working in the mining industry in Finance and Commercial roles both in Australia and overseas. I have spent all of that time living in small towns in remote locations and I feel passionate about the community spirit and culture that small towns have.

I enjoy the community and the beauty of Weipa very much and am very enthusiastic about my position with the WTA. I look forward to my time on the Weipa Town Authority and to contributing to the development of the town and long term sustainable future of Weipa.
